

Unleashing Dairy Beef Potential Through Partnership

28 May, 12:30pm – 4:00pm

Owl Farm St Peters School Cambridge,
Hanlin Road off Cambridge Road

"Unleashing Dairy Beef Potential Through Partnership" is an event for dairy and beef farmers to collaborate and improve profitability. Attendees will gain practical insights and connect with industry leaders to learn about assessing calf value, genetics, calf management, and connecting dairy and beef farming. Join us for an informative day focused on dairy beef production!

- Understanding Owl Farm's mission and key facts
- Assessing calf value and financial basics
- Exploring the power of genetics for beef bull
- Discussing strategies for calf management challenges.
